Dear Michelle:

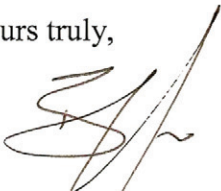

I am very pleased to provide you with a testimonial with respect to your Keynote presentation at the 2008 Fountain Tire Convention.

The theme of our Convention was 'Fountainized' and focused on our people and our culture. Your presentation to the 300 attendees was a very good fit with our theme as you keyed in on communication and how we can each make a difference to the people in our lives, even those we don't recall as they briefly cross our paths.

Your references to personal experiences of your own made it very easy for our delegates to make a similar connection to things that happen in their own lives. The Fountain Tire culture of respect and celebration of success was clearly addressed and we very much appreciated that you took the time to tailor your speech to our company, our industry, and our convention.

Thank you for adding a humorous and practical touch to our business day.

Yours truly,

Brent Hesje
CEO
