Reference for Michelle Ray, Walkabout Seminars

The New Zealand Retailers Association used Michelle Ray as a presenter for our roadshow called "Lead, Manage and Inspire the Team". Held in June 2002, the roadshow ran over a 3 week period, covering 10 towns from Auckland down to Christchurch.

Michelle is fantastic to work with. One of the statements she makes in her seminar is that "as managers we profoundly affect the atmosphere in which we work". Michelle practices what she preaches and through the energy levels that she puts into every single presentation participants are left awe-inspired.

Some of the comments participants made were:

"Fantastic speaker, she made me excited about going to work the next day"

"Wonderfully enthusiastic and motivating"

"Have been to many of these and Michelle would be the best"

"Very clear, easily understood, depth of knowledge great!"

Because of the fantastic response we've received from the retailers who attended Michelle's seminar we're hoping to book her again for our March roadshow in 2004.

For a highly dynamic presenter with professionalism, knowledge and who is easy to work with I highly recommend using Michelle Ray.
